Designer Description

SUMMARY

This role is well suited for those having professional/semi-professional experience (at least 1-2 years) as a graphic designer, designer, or art director or a senior level design student (with demonstrated ability/skills).

QUALIFICATIONS

- Proficiency in Adobe Photoshop, Illustrator, InDesign
- Professional/semi-professional level creating and developing visual communication solutions for use in print, web, and video
- Ability to take a design project from concept (developing themes, multiple thumbnails, sketches, etc) to completion (sending to print, saving files for various formats, uploading files)
- Command of typography, visual hierarchy, and composition according to DCC Brand Guidelines.
- Ability to resize and export designs for use on the web, with a solid understanding of resolutions (dpi)
- Desire to creatively display the glory and beauty of God through design, for the good of the church and city.

RESPONSIBILITIES

- Must be able to complete assignments by assigned deadlines (both proofs and final)
- Regularly communicate and coordinate projects deadlines and deliverables with Project Manager and/or client (e.g. Ministry Lead, Pastor, ect.)
- Lead creative process for at least two projects/promos per quarter, assisting and directing other team members as needed

COMMITMENT

- Attend regular Design Team Meetings and ad hoc meetings for special projects (as needed)
- Provide timely and detailed feedback to other team members on projects as requested or assigned
- Support, encourage and challenge fellow team members artistically and spiritually
- Strongly desired: 6 month commitment
